Greetings from Vermont,

Over the past four years **Liquid Dead** has grown to become one of the top Grateful Dead tribute bands in the Northeast. **Liquid Dead** is know for their authentic renditions of Grateful Dead classics. With six members that mirror the Grateful Dead setup, **Liquid Dead** is able to replicate the sounds of the Dead, leaving fans cheering for more.

This Vermont group has been selling out venues from the Northeast to the mid-west since 1998. With a professional Sound and Lighting crew running some of today's best PA and Lighting equipment, **Liquid Dead** provides a full package for every venue.

There are very few musical groups who capture an audience in such a way as the Grateful Dead did. The Grateful Dead's music transcends time, age and race. Their high energy jams and family like environment helped to carve a niche in the counter culture that will never be filled.

Liquid Dead's goal is not to take from the Grateful Dead, but to pick up where they left off, bringing the music and its fans into your venue.

Once **Liquid Dead** plays to a new market the word spreads like wildfire and the cultivation of a new scene begins. We are excited to expand our venue list and are an extremely motivated crew.

Liquid Dead is comprised of: Tobe Kniffin (Lead Guitar/Vocals); Larry Johnson (Rythm Guitar); Erik Sayre (Bass Guitar/Vocals); Brian Lauri (Keyboards/Vocals); Trevor Ainsworth (Drums); Tim Kniffin (Drums); Ben Jenkins (Lighting); Little Bri (Sound)
